Welcome to Steamboat Springs, Colorado

STEAMBOAT SKI RESORT

Welcome to Ski Town USA! We have had over 350" of snow so far this season! Steamboat is on the IKON pass and does not require reservations. Christie Peak Express is the quickest way to the Travis Mayer Mogul competition venue on Voodoo. Ski/ride down See Me run for access to spectating. If you want to take a few runs, ski from the top of Christie Peak Express down to Thunderhead or take the Steamboat Gondola from the base to access the upper mountain.

OUR FAVORITE RUNS

- Cruise down Buddy's Run, a fast blue, from the top of Storm Peak.
- Take Bar UE: a historic 2-seater that will bring you back to the top of Storm Peak. Bar UE was the cattle brand used at the Werner Ranch owned by Edward & Hazie Werner—parents to Olympians Buddy, Skeeter, & Bugs Werner—one of the founding families of Steamboat Ski Resort.
- Tap Buddy's statue with your ski pole at the top of Storm Peak for good luck!
- Hike up to North St. Pats or ski straight down Christmas Tree Bowl for a double diamond challenge.
- Relax on the lounge chairs outside of Four Points Lodge.
- Ski down Nelson's Run, a bump run with an excellent pitch named after Steamboat Freestyle Olympian Nelson Carmichael.
